

Blockchain Pilot Survey Template

All questions are optional. Follow each question's directions.

Write your answers to the open questions in the space provided.

Answer about the proposed shared-record pilot described above. Every question is optional. Share process-level views only; do not enter partner names, confidential contracts, credentials, wallet details or actual transaction records.

1. Which problem in the current record-sharing process most needs attention?

- ☐ Conflicting versions of a record
- ☐ Slow handoffs between organizations
- ☐ Unclear responsibility for updates
- ☐ Difficulty checking a record's history
- ☐ Repeated manual entry
- ☐ No important problem has been identified
- ☐ Another problem
- ☐ Not sure

2. How clear is the reason for testing blockchain rather than a simpler alternative?

- ☐ Very unclear
- ☐ Somewhat unclear
- ☐ Neither clear nor unclear
- ☐ Somewhat clear
- ☐ Very clear
- ☐ Alternatives have not been compared
- ☐ Not sure

Write your answers to the open questions in the space provided.

3. How far has participation by the necessary partner organizations been confirmed?

- ☐ Partners have not yet been identified
- ☐ Partners have been identified but not consulted
- ☐ Some necessary partners have expressed interest
- ☐ All necessary partners have expressed interest
- ☐ Trial responsibilities have been agreed
- ☐ Not sure

4. Which shared-record rule most needs agreement before a pilot?

- ☐ Who can enter records
- ☐ Who can view records
- ☐ How incorrect entries are corrected
- ☐ Who checks source information
- ☐ Who resolves disagreements
- ☐ Rules are already agreed
- ☐ Another rule
- ☐ Not sure

Write your answers to the open questions in the space provided.

5. What is the main practical barrier to testing the proposed process?

- ☐ Staff time
- ☐ Integration with existing systems
- ☐ Consistent source data
- ☐ Partner participation
- ☐ Cost of the trial
- ☐ Unclear ownership of the pilot
- ☐ No main barrier identified
- ☐ Another barrier
- ☐ Not sure

6. Which result would be most useful when judging whether to continue after the pilot?

- ☐ Less time reconciling records
- ☐ Fewer repeated entries
- ☐ Clearer handoff history
- ☐ More consistent partner participation
- ☐ Easier resolution of record disagreements
- ☐ A different result
- ☐ No success measure has been agreed
- ☐ Not sure
