

Classroom Observation Survey Template

All questions are optional. Follow each question's directions.
Write your answers to the open questions in the space provided.

Record only the portion of the lesson you observed. Describe actions and examples without student names or private details. Separate direct observations from interpretations. Every question is optional; use not observed when you lack evidence.

1. What part of the lesson did you observe?

- ☐ The whole lesson
- ☐ The opening only
- ☐ A middle section only
- ☐ The closing only
- ☐ Several sections but not the whole lesson
- ☐ Another observation window

2. What learning purpose was stated or visible during your visit?

3. What did learners do during the agreed observation focus?
